## SUMMARY

Motivated and detail-focused Java Developer with a BTech in Electronics and Communication Engineering, and hands-on experience in developing full-stack Java applications. Keen to define myself by generating clean code, learning from seasoned professionals, and ultimately becoming a high quality software engineer as an Apprentice Java Developer.

## TECHNICAL SKILLS

**Languages :** JavaScript, JDBC, Core Java

**Tools and IDEs:** Eclipse, MySQL Workbench, and IntelliJ IDEA, Postman

**Frameworks/Tools:** Spring Boot, Hibernate, Thymeleaf, JDBC, Maven

**Database:** SQL, SQL Server (basic)

**Web technologies:** CSS and HTML

**Version Control:** Git (fundamental understanding)

**Concepts:** OOP, Data Structures, REST APIs, MVC Architecture

**Soft Skills:** Problem-solving, Clear communication, teamwork and analytical thinking

## PROJECTS

### Banking Application [Spring Boot, Hibernate, SQL] | Feb 2025 – Apr 2025

Developed a web-based Banking Application using Spring Boot framework, Hibernate ORM for database interaction, and SQL for data management.

- Implemented core banking features including account creation, balance inquiry, deposits, withdrawals, and transaction history management.
- Focused on backend validation, exception handling, secure authentication, and maintaining the integrity of customer financial data.

### Hospital Management System [Java, JDBC, SQL] | Dec 2024 – Feb 2025

Developed a Hospital Management System on Java using JDBC for database connectivity and SQL to manage data efficiently.

- Engineered and deployed features for patient registration, physician management, and appointment scheduling processes.

### Email Writer Assistant [Spring Boot, Gemini API, Postman, React] | Apr 2025 – June 2025

Developed a full-stack application that utilizes Gemini AI to generate professional emails based on user prompts.

- Built a React frontend and integrated it with a Spring Boot backend, securely calling the Gemini API using WebClient.
- Used Postman to rigorously test and validate the RESTful endpoints for reliable AI response delivery.

## INTERNSHIP

### Full Stack Developer, Codegnan Destination Technology, BENGALURU

Sep 2024 - Present

- Built full-stack web applications using Java, JDBC, MySQL, HTML, CSS, and JavaScript.
- Created RESTful APIs and implemented backend services using Spring Boot.
- Gained hands-on experience in debugging, integration, and deploying applications.
- Managed MySQL databases, tested APIs with **Postman**, and collaborated on UI/UX integration with backend services

## EDUCATION

Government Engineering College, West Champaran, India – BTech, ECE -CGPA: 7.67

OCT 2021 - AUG 2024

Government Women's Polytechnic Muzaffarpur, India - Diploma, Computer Science - CGPA: 7.57

Aug 2017 - Dec 2020

## CERTIFICATIONS

CyberOps Associate, CISCO

Jun 2024

Introduction to Cybersecurity, CISCO

Apr 2023

## LANGUAGES

- Hindi
- English
